Seat Height Adjustment: 450mm-590mm

Smaller seat with a backrest

Description

Intermediate Mid price range of Static Dissipative Ergonomic Chair specifically designed and manufactured for use in the electronic industries. This chair has a waterfall seat design, offering the same features as our supreme range but in a smaller seat diameter. This fully ergonomic chair is fitted with a seat tilt, back rack angle and height adjustment and gas lift swivel height adjustment. Suitable for use in static controlled environments.

Features

- Fully Ergonomic with waterfall seat design with three dimensional moulded foam and sychro mechanism for added comfort.
- Seat tilt angle adjustment: 85-95 degrees.
- Back rest angle adjustment: 75-115 degrees.
- Base Diameter 26" (660mm.)
- Gas Lift.
- Supplied with conductive castors (internal brakes)

Standards

Complies with European Standard EN 61340-5-1:2001.
