

ESD Dustpan and Broom

BRDP

Description

ESD Dustpan and Long Handled Broom for cleaning in an EPA environment. High quality and durable with a silver and matte black finish. This product is produced with anti-static raw material, non-coating surface, to make it ESD permanent. For use in ESD sensitive areas and clean level environment such as microelectronics, biological and medical field, etc.

Our ESD Dustpan and Broom is ideal for tidying the workplace/office and is supplied with a lid. Most dustpan and brooms are made from high static insulative materials which can transfer to nearby static-sensitive items and potentially damage them. To protect your EPA from ESD damage, use our anti-static dustpan and broom.

| Specifications | |
|-----------------------|--|
| Material | ESD PP |
| Surface Resistance | $10^5 - 10^9 \Omega \text{ CM}$ |
| Triboelectric Voltage | <100V |
| Decay Time | $1000\text{v}/100\text{v} < 1.0\text{s}$ |
| Spec | L 270mm x H 900mm |
| Colour | Black |
