

## Supreme ESD High Chairs

SUR2

### Description

Our Supreme High ESD Chair is supplied with a fully ESD chrome back and comfortable waterfall seat design; ensuring maximum comfort and support. Our premium chair range of fully ergonomic chairs are designed with a waterfall seat feature and are provided with three-dimensional moulded foam for added comfort. The full synchro mechanism provides ergonomic seat and back adjustments to ensure all-day support, especially for your back.

Draughtsman static dissipative chair specifically designed and manufactured for use in the electronics and electrical industry. This range prevents the build-up of static electricity by dissipating it directly to earth. These tall chairs are ergonomic with a reclining seat and adjustable back mechanism.
