

High Voltage EPA Awareness Signs

TECHNICAL DATASHEET

SHVF

Description

Help workers stay informed of the static grounding policies at your facility with warning signs. This awareness sign is a simple yet an effective way of reminding everyone of the problems and related procedures required to help eliminate ESD. This sign measures 150 x 300mm and is available in yellow, red and black as standard. The sign features the ESD susceptible symbol which denotes components and sub-assemblies which are ESD susceptible.

These signs do not have any ESD properties and are therefore to be used outside of the EPA (EPA's entrance door, for example).

Attention

High voltage
ESD Protected area

Observe precautions for
handling electrostatic
discharge sensitive devices

Features

- Help workers stay informed of the static grounding policies at your facility.
- Yellow background, black and red text as standard.
- Rigid, PVC plastic board material with self-adhesive backing.
- 300mm in diameter.
- Features ESD cautionary symbol.
- Multi-language and other colours available on request.
- RoHS and REACH compliant.

Text Reads

'ATTENTION. HIGH VOLTAGE. ESD PROTECTED AREA. OBSERVE PRECAUTIONS FOR HANDLING ELECTROSTATIC DISCHARGE SENSITIVE DEVICES'.

Notice

These signs are not supplied with hanging holes.

Part Code	Material	Size
