

Conductive Letter Tray

TYA4

Description

Conductive letter trays made for holding A4 size documents. These trays can be stacked, allowing you to organise your documents accordingly. The letter trays are produced with carbon loaded black conductive polystyrene, to make it ESD permanent. Available in the colour black as standard.

Features

- Made of volume conductive polystyrene
- 6/4 compartment
- Stackable
- **Colour:** Black
- Recyclable
- Compliant to IEC-61340-1-5 International Standard
- RoHS and REACH compliant

Mechanical Properties

- **Basic Material:** Carbon loaded, black conductive polystyrene
- **Ageing Behaviour:** No influence on conductivity, no migration of corrosive materials
- **Usable Temperature Range:** -10°C to + 70° C

Electrical Properties

Test Standard	Typical Values	Requirements
Surface Resistance	Rs EN61340-2-3	$10^{(4)} - 10^{(5)} \Omega$ $10^{(2)} \leq R_s \leq 10^{(5)} \Omega$
Conforms to EN 61340-5-1		

Eliminate Costly Static Damage...

Whether you are experiencing unacceptable levels of damage in transit, need a specific cleanroom solution or simply don't know which ESD safe equipment is best for you, we can help!
