

ESD Blue Ring Binders - A4

RB4B25, RB4B50

Description

ESD Blue Ring Binders are made for storing and handling documents in the office or within an EPA. The ring binders are made from an anti-static / dissipative material and therefore can be used in ESD sensitive areas and clean level environments such as microelectronics, biological and medical field, etc.

Features

- **Colour:** Blue
- **Spine Widths:** 25mm or 50mm
- EPA warning symbol
- For use within an Electrostatic Protected Area

Technical Specification

- **Material:** Anti-static / dissipative cardboard
- **Size:** 255 x 315mm (A4)
- **Width:** 25mm or 50mm
- **Surface Resistance:** $<10e10\Omega$
- **Thickness:** 2.5mm
- **ESD Logo:** Printed on spine
- **Rings:** 4
- **Colour:** Blue
- **Shelf Life:** Permanent
- Compliant to IEC-61340-1-5 International Standard
- RoHS and REACH compliant

Eliminate Costly Static Damage...

Whether you are experiencing unacceptable levels of damage in transit, need a specific cleanroom solution or simply don't know which ESD safe equipment is best for you, we can help!
